• Option to make and assessment **Time bound** or **Non Time bound**.
• Option to **Reveal answers and Explanations** to students post assessment submission.
• **Subjective assessment**
  ➢ Trainers having facility for grading the assessment.
  ➢ Upload of Assisting material in the form of Documents, Videos or Webcam recording.

Sample report of an assessment. Multiple other reports available.
Live Virtual Classroom with Whiteboard

Unlike other video meeting platforms, the inbuilt Live Virtual classroom feature has an added advantage of having a digital whiteboard which helps replicating a Face to Face classroom, as close as possible. The system is secure as recordings can only be accessed through login and can't be downloaded.

- **Two way Live** interactive communication – video / audio / text.
- **Smart whiteboard** for better training delivery
- Students can use ‘raise hand’ button for asking a question.
- Trainer can Conduct **live polls** during the session
- **Session Recording** is available for future review for all students registered for the Live Virtual classes session.
- Conduct multiple **live quiz** during the live session.
- **Real time analytics** on student wise time during each session / live quiz analytics, attendance etc.
- **Online Attendance**
User Management / Feedback & Detailed Analytics

- **Multi Level hierarchy** possible – Student / Trainer / Training Partner / NSDC.
- **Creation of** QP wise, center wise batches.
- Detailed **candidate information** capturing like Training Center name, Location, Training partner, QP etc.
- **Assigning training content** to particular set of candidates basis TP / QP / Batch etc.
- **Restricting training content visibility** basis students/ candidates information. eg. Restricting ‘retail’ learners to see the content created for ‘telecom’.
- **Configure the sequence of training content** to be accessed by Candidate/ student.
- Provision to configure custom survey/ feedback at the end of each QP course and getting survey analytics online.
- **Real time** - detailed analytics available at multiple Level – Candidate/ Batch / Trainer/ Training Partner/ NSDC.
- **Online Attendance** for classroom training as well as Live Virtual Training.
