DREAM WEAVERS EDUTRACK PVT LTD.

THE BEST & COMPREHENSIVE SOLUTIONS TO MEET EVOLVING CUSTOMER DEMANDS
The key to happiness is having dreams. The key to success is making your dreams come true. "Dream Weavers is a group of hard core professionals who dream high and achieve even higher."

For last 15 years, we have been imparting skills training in BFSI sector through online "CERT-In Certified” LMS (Learning Management System). More than 1 Million (1,000,000) candidates have undergone training on this platform. **Now looking at the requirement of online training into skill eco system, we are able to provide this dynamic platform at PAN India level for all TPs (white labeling is also possible).**

OUR IT STRENGTHS- YOUR ONE STOP SHOP FOR ALL SERVICES

- In house team for development and modification of LMS
- “CERT- In Certified” LMS
- In house Data Center
- ISO9001 & ISO27001 Certifications
- Cloud Communication Gateways for OBD (Outbound)
- Call Center-Best in class Infrastructure

ONLINE - LMS

Scope of LMS

- LMS has been designed to record the attendance of the candidate. The System creates logs of time spent on the LMS.
- Tracking of trainees & trainers is also done as IP address is fetched and entered into the log.
- Tracking is also possible by recording the live interactive session on “Google Meet”.
- The system can record the time spent by the candidate on individual chapter also in case job role requires minimum time to be spent on a particular chapter. So the training will not be considered complete without spending minimum time on each chapter.
- This is done in case a job role requires minimum time to be spent on a particular chapter, so without completing minimum time on a particular chapter the course shall not be considered complete.

Overview of LMS

- We as a company are one among the pioneers to start Online Learning Management System in India
- Time tested LMS- An experience of managing LMS for last 15 years
- Rugged system- Trained more than 1 million

Approach (Steps) for LMS

- Add the course (Job Role) and content (chapter wise) along with time duration on every chapter. The content can be in text and/or video form.
- Register the candidate with his/her Mobile Number for a particular course (Job Role) and batch.
- An URN (Unique Reference Number) shall be created by the system which shall be used for logging into the course. An option of fixed password or system generated password (OTP) every time the candidate wants to login is available.
- The candidate has the option of self learning also along with live training delivery by trainer through 2 way live interaction on “Google Meets”

Delivery of Training

- Attendance record – LIVE
- Recorded Sessions
- Actual time spent by trainers & students
- Platform to conduct assessments within stipulated time
- Assessment record
There is one quality that one must possess to win, and that is definiteness of purpose, the knowledge of what one wants and the burning desire to achieve it.

**ONLINE - LMS**

**Multiples options for using LMS**

1. Candidate will spend minimum hours on chapter 1, only then he or she can move to the next chapter.
2. Candidate will spend minimum hours on chapter 1, takes and clears the formative test of chapter 1, only then he or she can move to the next chapter.
3. Candidate can switch to/access any chapter, but the course can be considered as completed only if he or she spends minimum required time for each chapter included in the course.
4. Final assessment can be taken at the end of last chapter and minimum time is spent on the course and the course shall be considered complete once final assessment is cleared successfully.

**Challenges**

1. Students who are not having computer/ smart phone
2. Internet connectivity
3. Soft content for New Job roles (NSDC can help by asking the publishers to provide the content to us)

---

**Mode of providing training using LMS**

1. Live Sessions by domain trainers (example: practical sessions)
2. Recorded sessions where student can learn take self study sessions
3. Presentations/PDFs/HTML content for theory classes
4. Soft Skills sessions (Live Interactive and self learning)
5. Formative Assessments at the end of each chapter and at the end of the course.

**Way to monitor candidate progress on LMS**

1. Admin login can be given to NSDC officials to check and monitor LIVE attendance of students of any batch along with time spent by each and every user on LMS.
2. By fetching the IP address of participants and creating log for this.
3. By counting the total time spent by the participants on chapters & creating log for the same.
